Reel Super Tuning _____

Basic _____ Hardcore _____

Wader Service _____

Felt Resole Service _____

Please fill in all fields

Name: _____ Brand: _____

Phone: _____ Model: _____

Email: _____ Size: _____

Please give a detailed description of the problems with your item and how you would like us to proceed? Full service or fix problems described only? Full service is highly recommended as this will ensure your fishing gear is in the best condition possible, as we often find issues that have gone unrecognized. Old line will be discarded. Please notify to leave it on. If a reel needs parts under \$25.00 we will proceed. If any more than that we will contact you through the email address you have provided to discuss your options. Please visit our website for pricing and services available.

Discount pricing available for bulk service
